## **EDUCATION**

|                       |   |
|-----------------------|---|
| Since Jul. 2015       | Stahlberg Lab, Center for Cellular Imaging and NanoAnalytics (C-CINA),<br>Biozentrum, University of Basel<br><b>PhD student</b>   |
| Feb. 2014 – Jun. 2015 | Swiss Nanoscience Institute, University of Basel<br><b>MSc in Nanoscience</b><br>Thesis: The Structure of $\alpha$ -Synuclein Fibrils Studied by Transmission Electron Microscopy |
| Sep. 2010 – Jan. 2014 | Swiss Nanoscience Institute, University of Basel<br><b>BSc in Nanoscience</b>   |

## **HONORARY WORK**

|                       |  |
|-----------------------|--|
| Dec. 2015 – July 2017 | Biozentrum, University of Basel, Switzerland<br><b>Structural Biology and Biophysics Seminar</b><br>Organization Committee<br>Invited Lecturers:<br>Dr. Sjors Scheres, Principal Investigator, MRC LMB Cambridge, UK<br>Dr. Carsten Sachse, Group Leader, EMBL Heidelberg, Germany<br>Prof. Dr. Roland Riek, ETH Zürich, Switzerland<br>Prof. Dr. Yifan Cheng, Principal Investigator, UCSF, USA<br>Prof. Dr. John Rubinstein, Sick Kids Hospital, University of Toronto, Canada |
|-----------------------|--|
